Amendments to the Specification:

On page 2, after "Field of Invention", please replace the paragraph with the following
amended paragraph: 1624

This is a Divisional of U.S. Application Serial No. 10/109,000 filed March 29, 2002,
now US Patent No. 6,797,707. The present invention relates to antagonists of RF-amide
neuropeptides and to methods of using same to attenuate the effects of drug addiction, drug
tolerance, drug dependence or of abstinence syndrome, and to treat certain other conditions.
